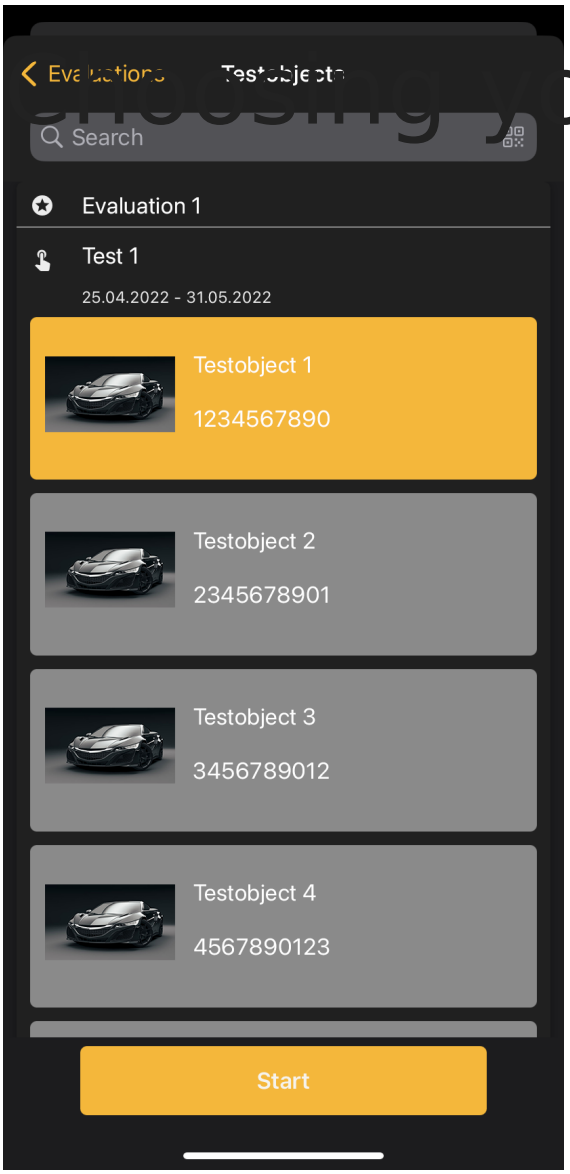
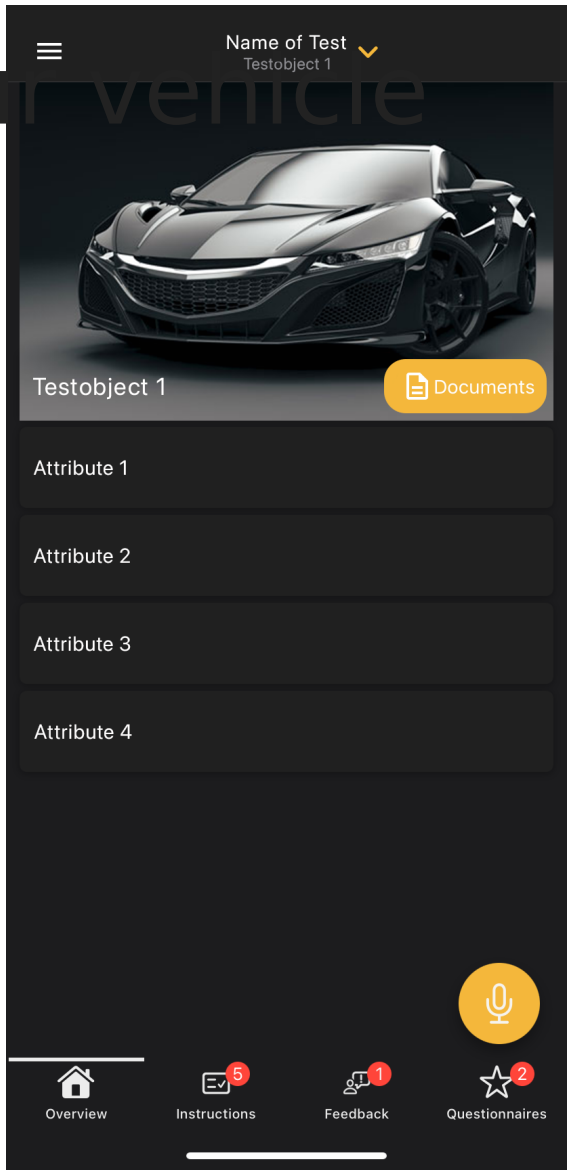
First Steps

- Choosing your vehicle
- Create Feedback
- Feedback Overview

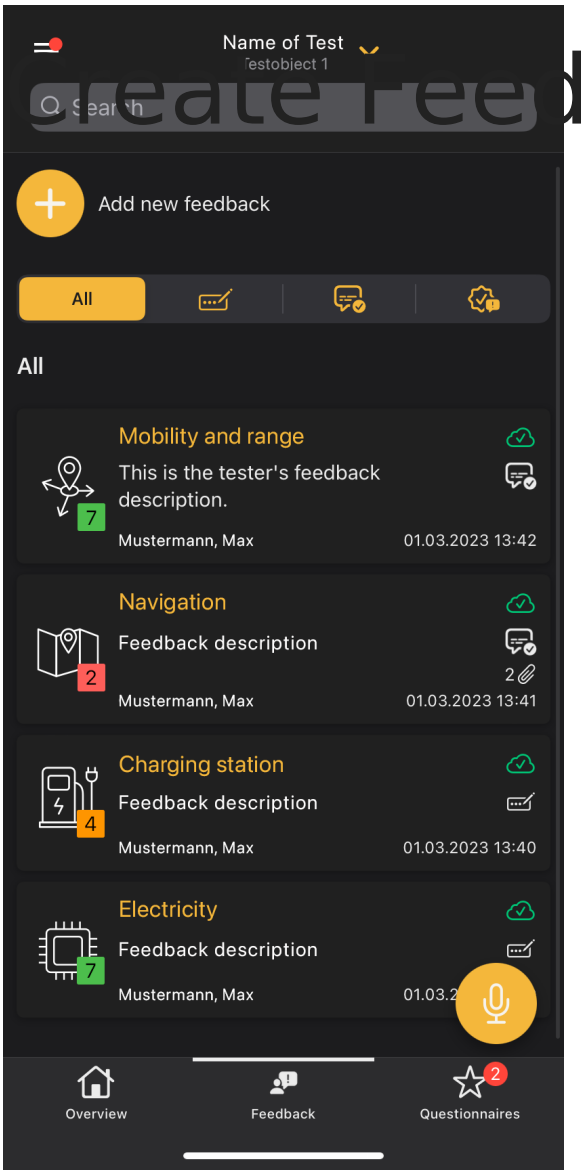


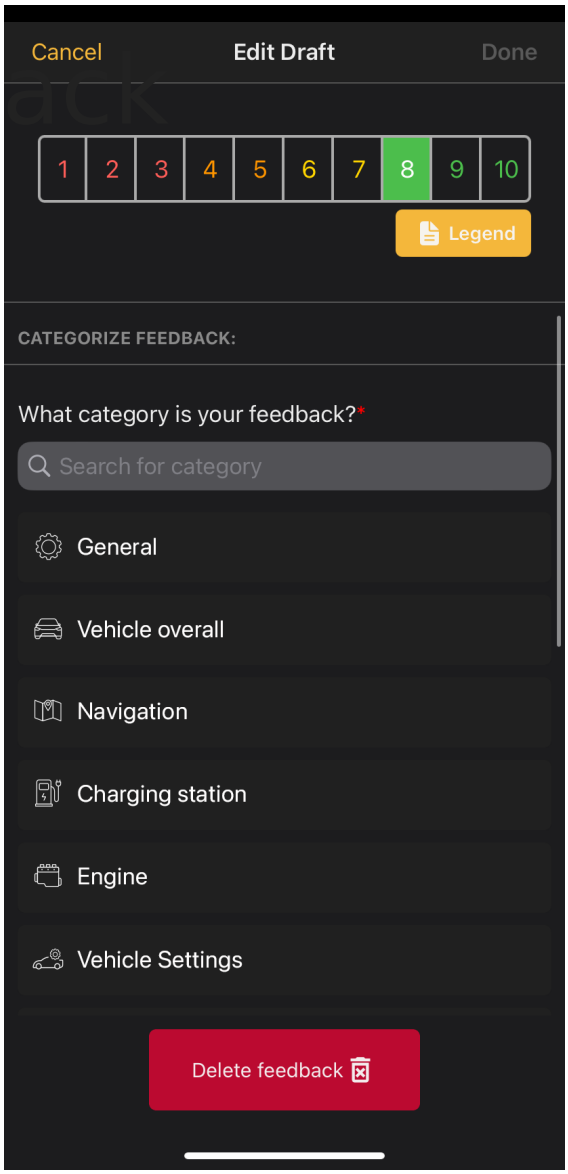


Choose your vehicle and tap on "start".

You will see an overview of the chosen vehicle.

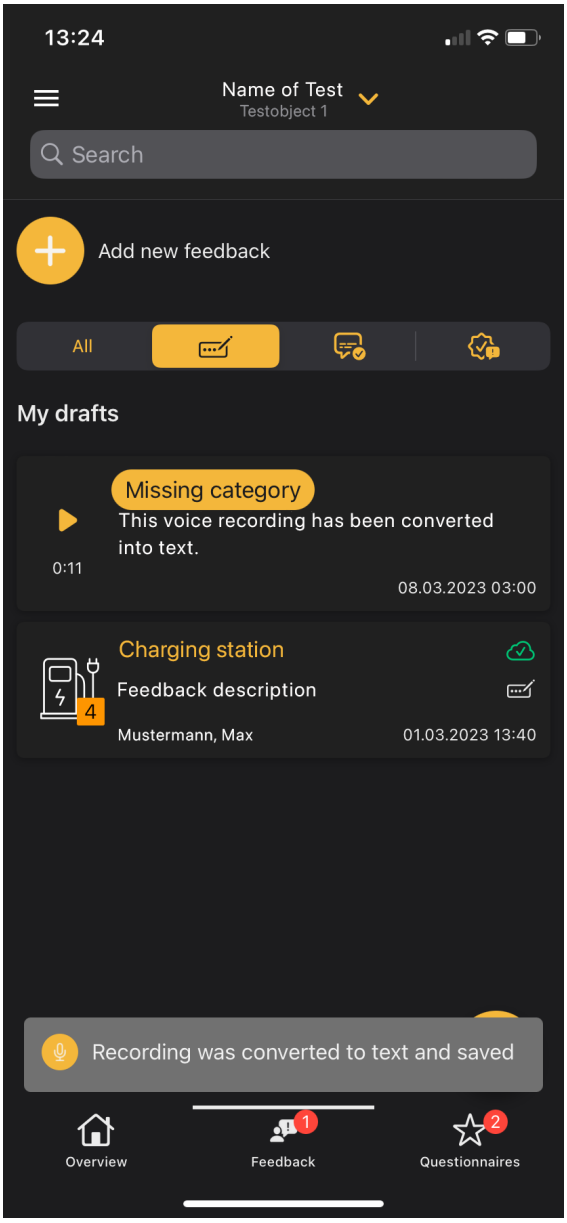
You can use the micophone button to easily create feedback via voice recording. You will find your feedback at the bottom in the "feedback" tab.





You can also create complaints and feedback using the "+" button. To do this, enter your feedback in the "comment" field and select an appropriate category. Rate your complaints. Photo, video or audio recordings can be attached via the camera and the microphone button. You can use the "+" button to add additional extras to your feedback.

Feedback Overview



Your voice recordings appear in the feedback overview. These still have to be evaluated in order to be able to save and transfer them to the backend. To do this, tap on the “Category is missing”.

You can also easily edit your feedback entries in the web application on your laptop.
