

2.1. Overview "Booking calendar" for planners

This is the view of the booking calendar for the planner.

DAILY VIEW

As a planner, you can see all **booked**, **requested**, **approved** and **unavailable** drives as well as all important information about the testers and the drive.

QUARTERLY VIEW

The column for each day is wider here than in the "Daily view". It is possible to book a test object for a day in a quarter-hourly cycle.
