iPhone

The screenshot shows the iPhone app interface for benchmarking air conditioning and heating. At the top, the status bar shows the time 02:59, signal strength, Wi-Fi, and battery. The app header is titled "Benchmarking_Air Conditioning and Heating" with a back arrow and a trash icon, and a subtitle "11 Fragen". The main content area is titled "Page 1" and "Question 1 - 4". The question text asks the user to rate the vehicle's heating and AC settings on a scale from 1 (very poor) to 5 (very good) based on satisfaction with performance. Below the text are two images of cars: a dark blue sports car and a white sports car. Below the images are five options for rating: "Defrost/Defog", "Upper Air Flow", "Lower Air Flow", "Upper and Lower Air Flow", and "Seat Heating". The "Lower Air Flow" option is selected with a checkmark. Below the options is a "Next" button.
