- 2.0 Communication with tester (part 2)
- 3.0 Report of a PDF file with images
- Bugs

1.0 Dynamic Excel reports

Excel report templates

with

A new functionality includes the creation of dynamic Excel report templates in Feedback. The templates include a link between the Excel file and the IVA. They enable automatic checking between Excel template and IVA data while facilitating targeted evaluation.

You can edit, overwrite, delete, and download them.

2.0 Communication with tester (part 2)

The screenshot displays the 'Feedback validation' screen in the Teamware IVA planner. The breadcrumb trail at the top reads: Evaluations > Fleet Management > Drive - IN 6290 / Garner Matthew > Feedback validation. The user is logged in as Benjamin Higgins. The interface includes a sidebar with navigation options: Startpage, Evaluations, Reports, Select Tests (highlighted), Excel report template, Data pool, Templates, and Master Data. The main content area shows a table of feedback entries for the test 'Drive - IN 6290 / Garner Matthew'. The first entry is highlighted, showing a comment from Benjamin Higgins asking 'Does this happen when shifting?' and a response from Matthew Garner stating 'It happens sporadically.' Below the comment, there are checkboxes for 'Forward comment to tester' and 'Confidential', and a text input field for 'Write a comment on this feedback'. A yellow callout box labeled '04-SUV-FM.1' points to the 'Forward comment to tester' checkbox. The table lists three feedback items: Transmission (Rating 3), Transmission (Rating 6), and Interior (Rating 7).

Validated	Time	Tester	Category	Rating
<input type="checkbox"/>	10/09/2023 10:07 am	Matthew Garner	Transmission	3
<input type="checkbox"/>	10/09/2023 10:06 am	Matthew Garner	Transmission	6
<input type="checkbox"/>	10/09/2023 10:04 am	Matthew Garner	Interior	7

There are several ways to protect feedback comments (keep them confidential) or to continue a brief communication with the tester. This function can only be used when the feedback is completed. Communication takes place in the IVA planner (web application) and in the app.

Detailed description is here: [LINK to the manual](#)

3.0 Report of a PDF file with images

The screenshot displays the Teamware software interface. A 'Report settings' dialog box is open, showing the 'Feedback' tab. The 'PDF report' option is selected under the 'Feedback' section. The 'Show images (currently 2 newest)' checkbox is checked and highlighted with a pink box. The background shows a report overview with a bar chart and a table of test results.

Test Objects / Test	Feedback	Score	Time	Status	Validated	Actions
03-C-Class lux						
04-SUV_MD_2	Glove boxes seem stuck or very hard too open.	5 / 10 (Edited)	09/07/2023 03:49 pm	Completed	✓	
03-C-Class luxury car_MD_1	Seats are decently comfortable but could use more padding.	6 / 10	09/07/2023 03:44 pm	Completed		
04-SUV_MD_1	Cabin is isolated very well.	9 / 10	09/07/2023 03:36 pm	Completed		
03-C-Class luxury car_MD_2	The air vents are positioned very well and have a big range of	10 / 10	09/07/2023 03:34 pm	Completed		

PDF reports are now visually supported in the report settings under Feedback. A maximum of two images can be displayed in a PDF file.

Bugs

The language change is easier and updated immediately.

The manual time in the newly created feedback is saved.

The handling of the columns in the feedback has been improved.
