

Version 2.0-2023

- 1.0 Dynamic Excel reports
- 2.0 Communication with tester (part 2)
- 3.0 Report of a PDF file with images
- Bugs

1.0 Dynamic Excel reports

Excel report templates

with

A new functionality includes the creation of dynamic Excel report templates in Feedback. The templates include a link between the Excel file and the IVA. They enable automatic checking between Excel template and IVA data while facilitating targeted evaluation.

You can edit, overwrite, delete, and download them.

2.0 Communication with tester (part 2)

The screenshot shows the 'Feedback validation' interface in the Teamware application. The breadcrumb trail is 'Evaluations > Fleet Management > Drive - IN 6290 / Garner Matthew > Feedback validation'. The page title is 'Feedback for Drive - IN 6290 / Garner Matthew'. The interface includes a search list, a 'Hide matrix' button, and a '+ Create feedback' button. The table below shows the feedback items:

Validated	Time	Tester	Category	Rating
<input type="checkbox"/>	10/09/2023 10:07 am	Matthew Garner	Transmission	3
<input type="checkbox"/>	10/09/2023 10:06 am	Matthew Garner	Transmission	6
<input type="checkbox"/>	10/09/2023 10:04 am	Matthew Garner	Interior	7

The first feedback item is expanded, showing a comment from Benjamin Higgins: 'Does this happen when shifting?'. The tester, Matthew Garner, has responded: 'It happens sporadically.'. Below the comment, there are options to 'Forward comment to tester' (checked), 'Tester can reply to your comment only once', and 'Confidential' (checked). A text input field for 'Write a comment on this feedback' is also visible.

There are several ways to protect feedback comments (keep them confidential) or to continue a brief communication with the tester. This function can only be used when the feedback is completed. Communication takes place in the IVA planner (web application) and in the app.

Detailed description is here: [LINK to the manual](#)

3.0 Report of a PDF file with images

The screenshot displays the TeamWare software interface. A 'Report settings' dialog box is open, showing the 'Feedback' section. The 'PDF report' option is selected. The 'Show images (currently 2 newest)' checkbox is checked and highlighted with a pink box. The background shows a report overview with a bar chart and a table of test objects.

Test Objects / Test	Feedback	Score	Time	Status	Validated	Actions
03-C-Class lux				Completed	✓	
04-SUV_MD_2	Glove boxes seem stuck or very hard too open.	5 / 10 (Edited)	09/07/2023 03:49 pm Garner Matthew 09/07/2023 03:44 pm	Completed		
03-C-Class luxury car_MD_1	Seats are decently comfortable but could use more padding.	6 / 10	09/07/2023 03:36 pm Garner Matthew 09/07/2023 03:34 pm	Completed		
04-SUV_MD_1	Cabin is isolated very well.	9 / 10	09/07/2023 03:34 pm Garner Matthew	Completed		
03-C-Class luxury car_MD_2	The air vents are positioned very well and have a big range of	10 / 10	Garner Matthew	Completed		

PDF reports are now visually supported in the report settings under Feedback. A maximum of two images can be displayed in a PDF file.

Bugs

The language change is easier and updated immediately.

The manual time in the newly created feedback is saved.

The handling of the columns in the feedback has been improved.
