

1.0 Visibility of subcategories in the feedback validation

The visibility of subcategories has been improved to facilitate efficient recording.

The screenshot shows a 'Report' interface with a table of test results. The table columns are: Test Objects name, Test Objects key, Time, Tester, Category, and Rating. The 'Category' column now displays subcategories. The table data is as follows:

Test Objects name	Test Objects key	Time	Tester	Category	Rating
09-BEV_TD_1	65131 656956	06/20/2024 03:59 pm	Alexander Bourke	Electrics Lighting Exterior Lighting	8
09-BEV_TD_1	65131 656956	06/20/2024 03:55 pm	Alexander Bourke	Electrics Lighting Exterior Lighting	2
09-BEV_TD_1	65131 656956	06/20/2024 03:54 pm	Alexander Bourke	Electrics Lighting Interior Lighting Ceiling	5
09-BEV_TD_1	65131 656956	06/20/2024 03:53 pm	Alexander Bourke	Electrics (-) Front	6
09-BEV_TD_1	65131 656956	09/26/2023 02:33 pm	Alexander Bourke	Electrics Infotainment	5
09-BEV_TD_1	65131 656956	09/21/2023 01:53 pm	Alexander Bourke	Electrics Lighting Interior Lighting	5
09-BEV_TD_1	65131 656956	09/21/2023 01:53 pm	Alexander Bourke	Electrics	6

As of recently, in the table under Evaluation > Feedback Validation in the "Categories" column, you can now also see the first 3 subcategories in addition to the respective category name. If there are four or more subcategories, only the last one is displayed.

This has also been changed under the menu item Evaluation > Analysis.

Revision #1
