

2.0 Manual time applicable

The screenshot shows the 'Edit feedback' modal in the TeamWare system. The modal is titled 'Edit feedback' and has a close button (X) in the top right corner. It contains a rating scale from 1 to 10, with '6' selected. The scale is divided into four categories: Unacceptable (1-3), Critical (4-5), Improvable (6-7), and Commendable (8-10). Below the scale is an 'Acceptable' section. The 'Category' section shows 'Infotainment' and 'Apps' as options. The 'Tester / reviewer' field is filled with 'Matthew Garner'. The 'created' field shows '09/07/23 03:41 pm'. The 'manual time' field is highlighted with a red box and is currently empty. The modal also has 'Cancel' and 'Apply' buttons at the bottom right.

From now on you can set a “manual time” here

- create
- save and
- delete.

The manual time can also be changed, saved or deleted in an existing feedback. For example, you can correct a manual time from the tester.

Detailed description can be found here: [Link to manual](#)
