

2.0 Manual time applicable

The screenshot displays the 'Edit feedback' interface. At the top, a rating scale from 1 to 10 is shown, with '6' highlighted. Below this, the 'Acceptable' section is visible. The 'Category' section includes 'Infotainment' and 'Apps' options. The 'Tester / reviewer' field is filled with 'Matthew Garner'. The 'created' field shows '09/07/23 03:41 pm'. The 'manual time' field is a text input box, highlighted with a red rectangle. At the bottom right, there are 'Cancel' and 'Apply' buttons. The background shows a sidebar with navigation options like Startpage, Evaluations, Reports, Data pool, Templates, and Master Data, and a main area with a feedback entry for 'Electrics' dated 09/07/2023 02:51 pm.

From now on you can set a “manual time” here

- create
- save and
- delete.

The manual time can also be changed, saved or deleted in an existing feedback. For example, you can correct a manual time from the tester.

Detailed description can be found here: [Link to manual](#)
