

2.0 Manual time applicable

The screenshot displays the 'Edit feedback' interface. At the top, a rating scale from 1 to 10 is shown, with '6' highlighted. Below this is the 'Acceptable' section. The 'Category' section has two options: 'Infotainment' and 'Apps'. The 'Tester / reviewer' field is filled with 'Matthew Garner'. The 'created' field shows '09/07/23 03:41 pm'. The 'manual time' field is a text input box, currently empty, and is highlighted with a red border. At the bottom right are 'Cancel' and 'Apply' buttons. The background shows a sidebar with navigation options and a list of feedback items.

From now on you can set a “manual time” here

- create
- save and
- delete.

The manual time can also be changed, saved or deleted in an existing feedback. For example, you can correct a manual time from the tester.

Detailed description can be found here: [Link to manual](#)
