

3.0 BUGs

Appearance of the Net Promoter Score

In future, the Net Promoter Score will also be displayed correctly with a longer description. The individual fields containing the rating can now have different widths depending on their descriptive text.

The screenshot shows the 'Function Test_Charging' evaluation page. The left sidebar contains navigation links: Startpage, Evaluations (selected), Reports, Data pool, Templates, Master data, Tester Web Application, and Buchungskalender. The top header shows 'Customer Demo', 'Logged in as: Benjamin Higgins', and various icons. The main content area is titled 'Evaluations > Technical Development > Function Test_Charging' and includes an 'Edit' button. Below the title, the 'Status of Test' is 'Stopped', and there are buttons to 'Change status to' 'Publish', 'Stopped', 'Meeting break', or 'Complete'. The 'Start' date is 08/14/2023 and the 'End' date is 08/14/2023. The 'Feedback' tab is selected, showing a 'Test-feedback configuration' section. A 'Feedback type' table is highlighted with a pink border, showing a scale from 1 to 10 with labels: Unacceptable, Critical, Improvable, and Commendable. The 'Feedback configuration' section on the right has checkboxes for 'Allow audio', 'Allow photos and videos', 'Add GPS info', and 'Manual time'. Below this, a list of categories is shown: Powertrain (4/7 subcategories), General, Start & Stop, Power Development (Archived), and Gear Shift.

Feedback type									
Unacceptable			Critical		Improvable		Commendable		
1	2	3	4	5	6	7	8	9	10

In the Web Tester it looks like this: [Link to the manual](#)
