

3.0 Improvement

Delete comments

The screenshot displays the 'Evaluations' section of the Teamware application, specifically the 'Feedback-Validierung' (Feedback Validation) screen for the 'Winter Drive' test. The interface includes a sidebar with navigation options like 'Startseite', 'Evaluations', 'Auswertung', 'Datenpool', 'Vorlagen', and 'Stammdaten'. The main content area shows a list of feedback entries. The first entry, by Benjamin Higgins, has a comment: 'This is a comment'. A purple box highlights the 'Kommentar löschen' (Delete comment) button and the 'Vertraulich' (Confidential) toggle. The second entry, by Evan Wood, has a comment: 'Suspension feels too soft'. The third entry, by Alexander Bourke, has a comment: 'Suspension feels too soft and results in an uncomfortable bounce for the driver.' The interface also features a search bar, a 'Matrix ausblenden' button, and a 'Feedback anlegen' button. A sidebar on the right lists various test objects like '02-B Class mid-size...', '03-C-Class luxury C...', '04-SUV MD.1', and '04-SUV MD.2'.

Recently, forwarded comments can be deleted.

To do this, open the respective comment tile of the feedback in which the comment to be deleted is located. To delete the comment, click on the “trash” icon and then save it.
