

3.0 New transition from evaluations to reports

In order to introduce easier handling and avoid possible disorientation, the direct link from evaluations to the reports of instructions, feedback and the questionnaires has been interrupted. The three additional tabs at the end of the tab bar with the icon “Reports” and “Instructions”, “Feedback” and “Questionnaires” have been removed.

The continuation to the reports works in three new places instead. In a test, go to the respective tab in the tab bar:

- **Instruction**
- **Feedback or**
- **Questionnaires.**

By clicking on the “**Validate feedback**” button, which is located in the “**Feedback**” tab to the right of the “**Assign category test object**” button, you can report the feedback.

The screenshot displays the 'Winter Drive' evaluation page. The 'Feedback' tab is selected and highlighted with a pink box. The 'Validate feedback' button is also highlighted with a pink box. The interface includes a sidebar with navigation options like 'Startpage', 'Evaluations', 'Reports', 'Data pool', 'Templates', 'Master data', 'Tester Web Application', and 'Buchungskalender'. The main content area shows the 'Winter Drive' test configuration with a status of 'Stopped', a 'Publish' button, and a 'Validate feedback' button. Below this, there is a 'Feedback type' section with a scale from 1 to 10, and a 'Feedback configuration' section with checkboxes for 'Allow audio', 'Allow photos and videos', 'Add GPS info', and 'Manual time'. At the bottom, there is a list of categories available in the app: General, Whole Vehicle, Interior, Exterior, and Car body.

It works in exactly the same way with the “**Instructions**”.

If you want to access the reports in the questionnaires, you must click on the “**Reports**” icon in the “**Actions**” column in the “**Questionnaires**” tab.

2 von 2

Image	Title ↑	Description	Questions	Duration (min)	Type	Multiple answers	Actions
	Benchmarking_Comfort		5		Catalog	Off	  
	Benchmarking_General		10		Catalog	Off	  

If the “**Validate feedback**” button or the “**Report**” icon are grayed out, this means that there are no evaluations available.
