

3.0 New transition from evaluations to reports

In order to introduce easier handling and avoid possible disorientation, the direct link from evaluations to the reports of instructions, feedback and the questionnaires has been interrupted. The three additional tabs at the end of the tab bar with the icon “Reports” and “Instructions”, “Feedback” and “Questionnaires” have been removed.

The continuation to the reports works in three new places instead. In a test, go to the respective tab in the tab bar:

- **Instruction**
- **Feedback or**
- **Questionnaires.**

By clicking on the “**Validate feedback**” button, which is located in the “**Feedback**” tab to the right of the “**Assign category test object**” button, you can report the feedback.

The screenshot displays the 'Winter Drive' evaluation page. The 'Status of Test' is 'Stopped'. The 'Feedback' tab is selected, and the 'Validate feedback' button is highlighted. The interface includes a sidebar with navigation options like 'Startpage', 'Evaluations', 'Reports', 'Data pool', 'Templates', 'Master data', 'Tester Web Application', and 'Buchungskalender'. The main content area shows test details, status controls, and feedback configuration options.

Evaluations > Management Drives > Winter Drive

Winter Drive Start 02/05/2024 End 02/18/2024

Status of Test **Stopped** Change status to **Publish** Stopped Meeting break Complete

Basic data Attributes Test Objects Tester Instructions **Feedback** Questionnaires

Test-feedback configuration. This configuration can be modified in the edit dialog.

Assignment category-Test Object **Validate feedback**

Feedback type

Unacceptable			Critical		Improvable		Commendable		
1	2	3	4	5	6	7	8	9	10

Feedback configuration

- Allow audio
- Allow photos and videos
- Add GPS info
- Manual time

The following categories are available in the app

- General
- Whole Vehicle Sub categories: 0 / 6
- Interior
- Exterior
- Car body

powered by

It works in exactly the same way with the “**Instructions**”.

If you want to access the reports in the questionnaires, you must click on the “**Reports**” icon in the “**Actions**” column in the “**Questionnaires**” tab.

The screenshot displays the software interface for managing evaluations. The top navigation bar includes 'Customer Demo' and 'Logged in as: Evan Wood'. The main content area is titled 'Evaluations > Benchmarking Tests > Competitor Analysis_Comfort'. Below the title, there are controls for 'Start' and 'End'. A 'Status of Test' section shows 'Stopped' with a red box, and 'Change status to' options include 'Publish', 'Stopped', and 'Complete'. A tabbed interface below shows 'Questionnaires' selected and highlighted with a purple box. Below the tabs, a search list shows two questionnaires:

Image	Title ↑	Description	Questions	Duration (min)	Type	Multiple answers	Actions
	● Benchmarking_Comfort		5		Catalog	Off	
	● Benchmarking_General		10		Catalog	Off	

If the “**Validate feedback**” button or the “**Report**” icon are grayed out, this means that there are no evaluations available.

Revision #9
