

# 11.3 Selecting an alternative reviewer

Within a questionnaire, an alternative reviewer can be selected to complete the questionnaire instead of the logged-in user.

The screenshot shows a mobile application interface for a questionnaire. At the top, the status bar displays the time 13:24 and signal/battery icons. The app header includes a back arrow, the title "Title of Questionnaire 2" with "21 Questions" below it, and a trash icon. A pink rectangular box highlights the "Tester" section, which contains a user icon, the name "Mustermann, Max", and an edit icon. Below this, the interface shows "Page 1" and "Question 1 - 7". The first question is a "Radiobutton question ?" with five options: "Option A", "Option B", "Option C", "Option D", and "Sonstiges". Each option has a radio button. Below the question list, there are six more questions labeled "Question 2?" through "Question 6?", each with a right-pointing arrow. At the bottom, there is a yellow button labeled "Next".
