QuickStart: Web-Tester

- Login
- First steps
  - Choose your vehicle
  - Create feedback

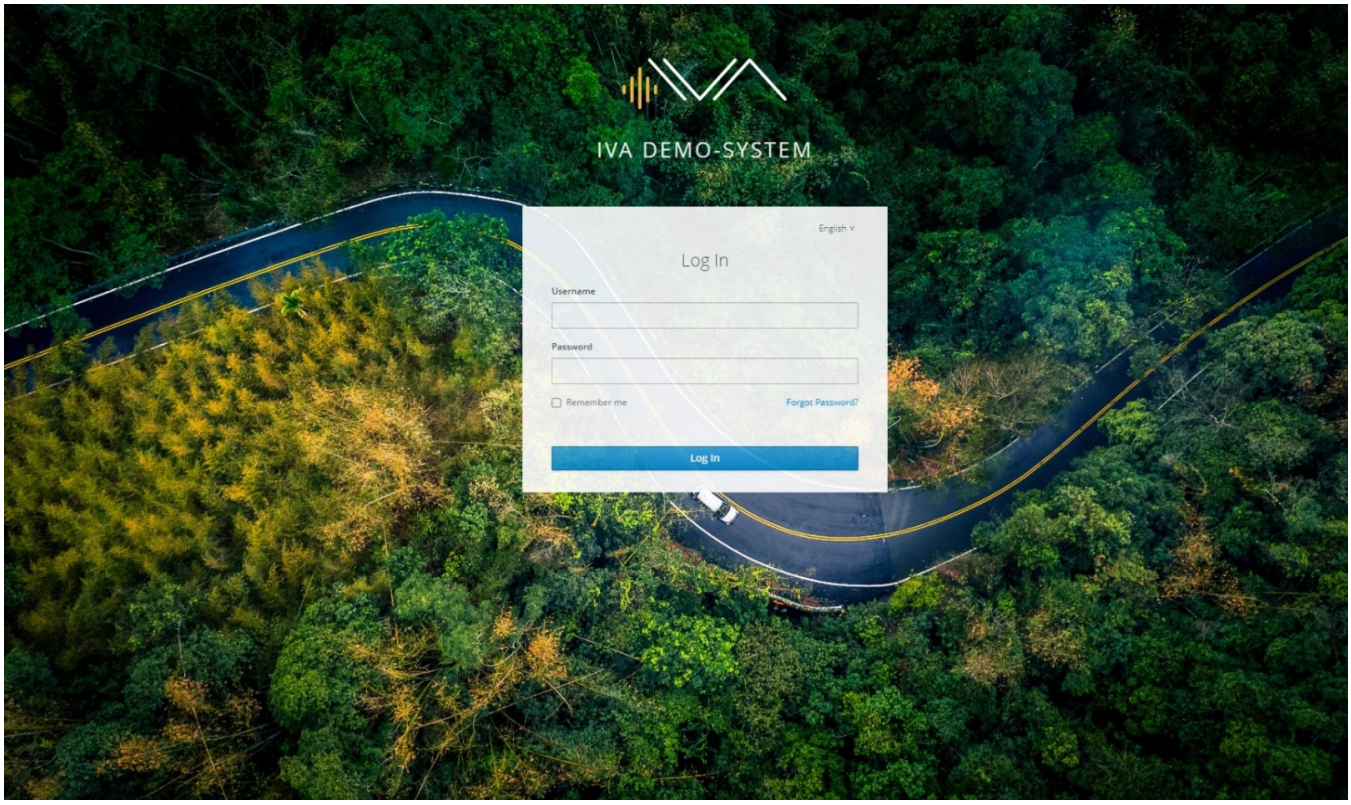

Login

Open the IVA Web Tester.

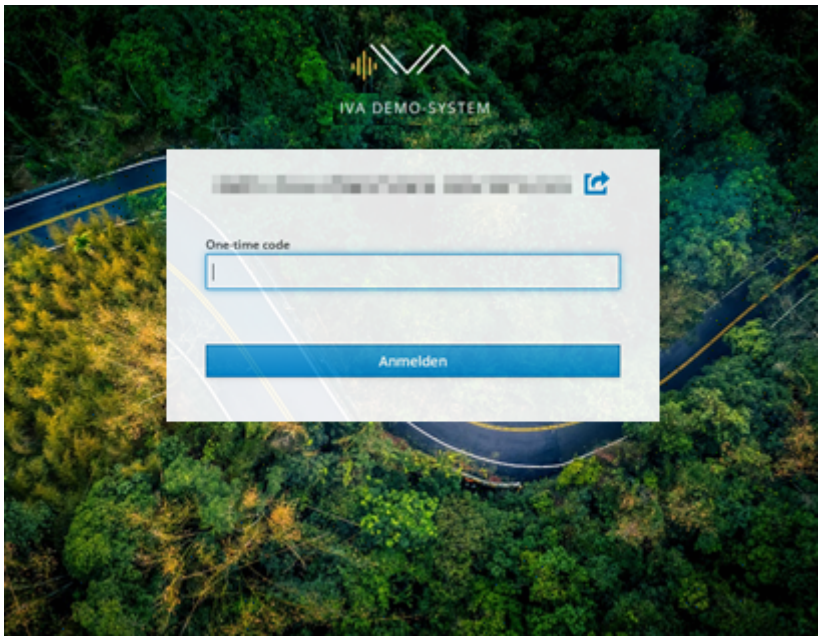

1. Click on "Login".

2. Enter your email address as your username and the password you have chosen.

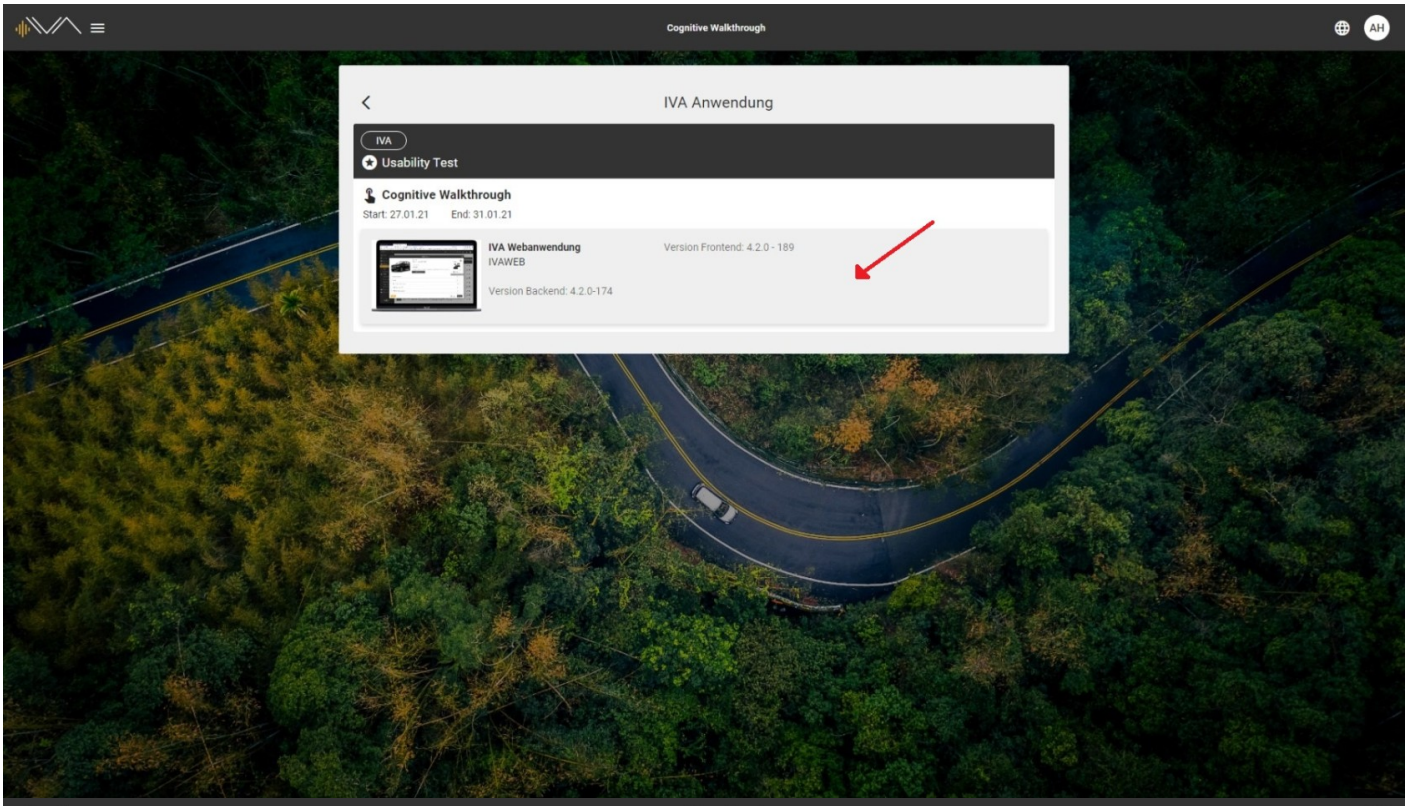

3. The system may also request a one-time code. To do this, open your authenticator app on your mobile phone and transfer the currently displayed 6-digit code.

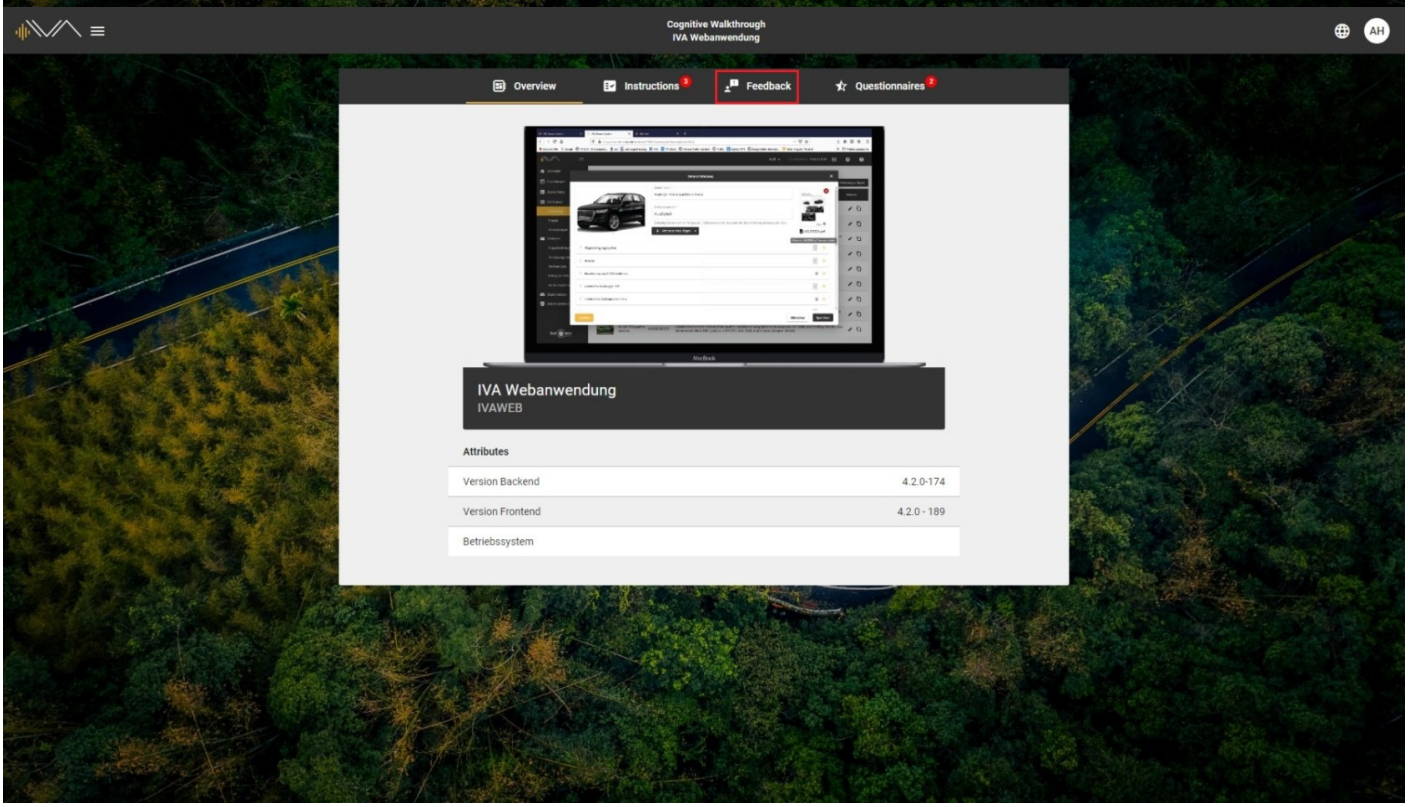

First steps

First steps

Choose your vehicle

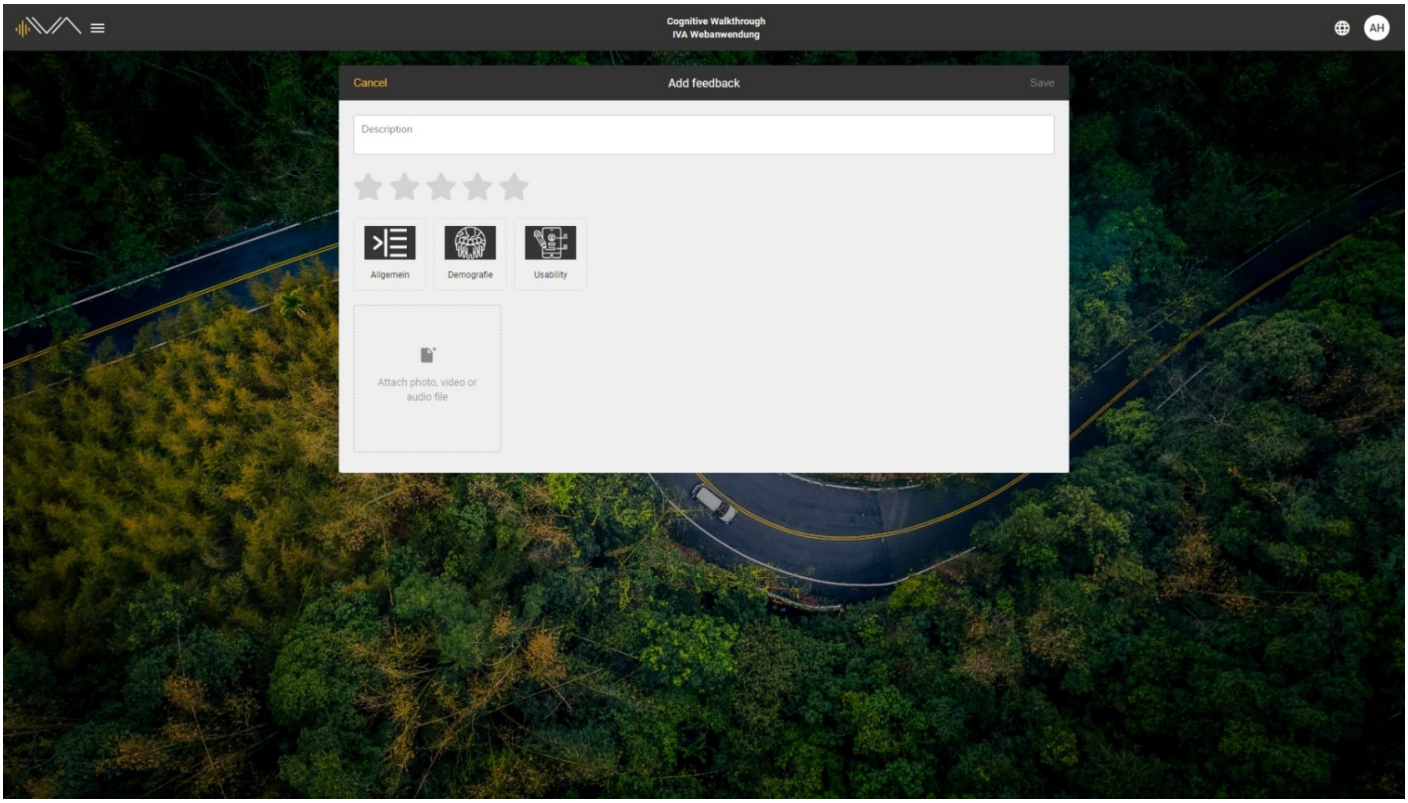

To select a vehicle, select the appropriate evaluation and test, if applicable. Then select your vehicle. You will see an overview of your vehicle. Click on "Feedback" to edit your complaints or create new feedback.

First steps

Create feedback

In the overview you can see the feedback you have already created. You can edit your feedback by clicking on the entry or add a new one using the "+" button. To do this, give your feedback in the "comment" field, rate the complaint and select a suitable category. Photo, video or audio files can be attached in the lower area. Just click on the tile and select from your computer. You can add a GPS position or a time or choose another reviewer via "+ extras".
