

# QuickStart: Web-Tester

- Login
- First steps
  - Choose your vehicle
  - Create feedback

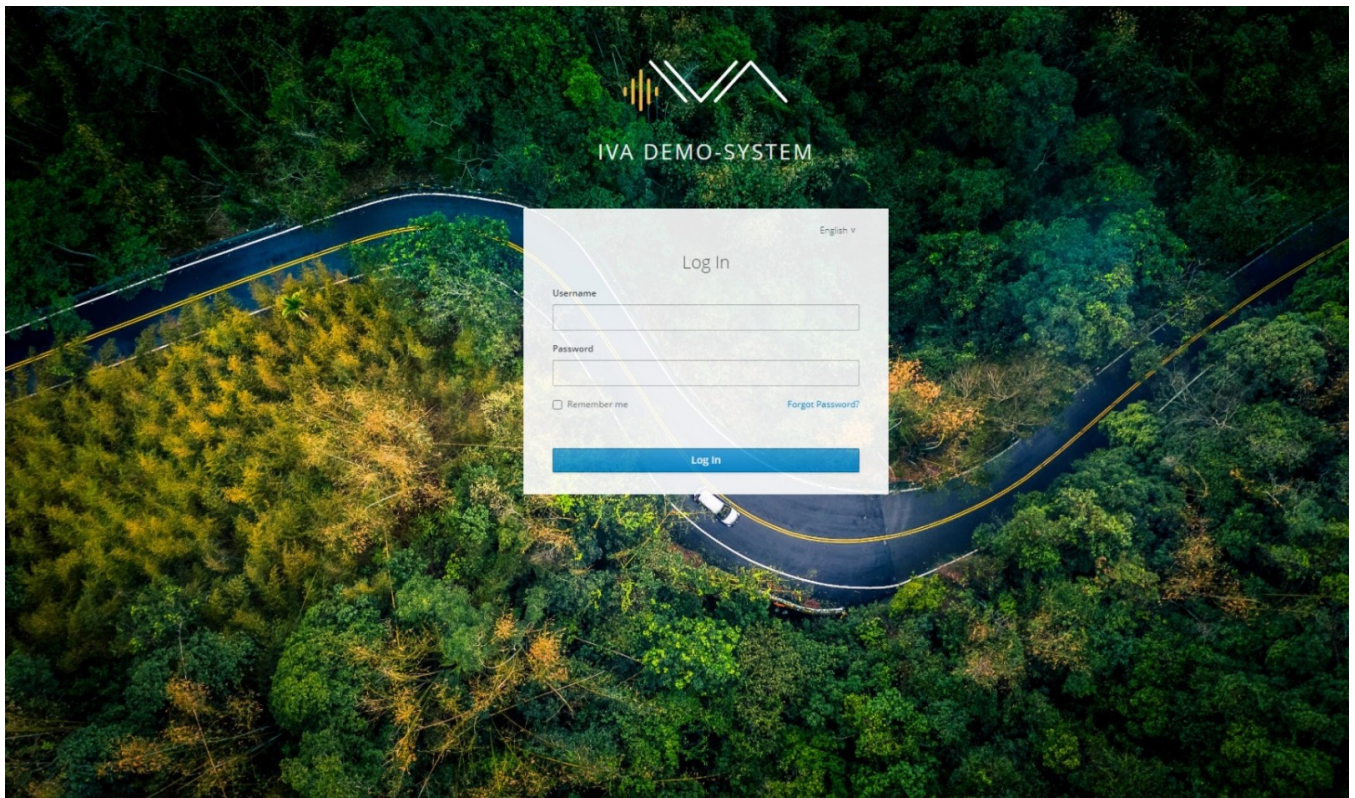

# Login

Open the IVA Web Tester.

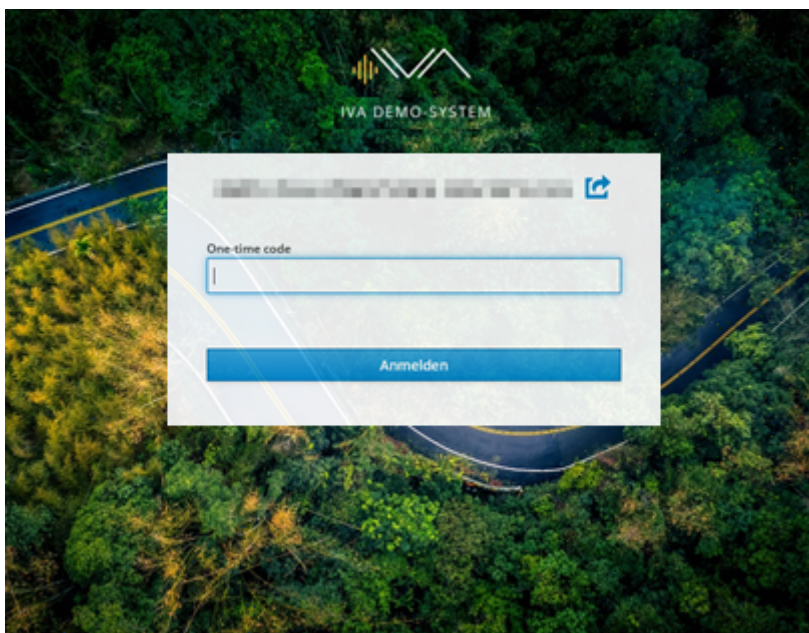

1. Click on "Login".

2. Enter your email address as your username and the password you have chosen.

3. The system may also request a one-time code. To do this, open your authenticator app on your mobile phone and transfer the currently displayed 6-digit code.

# First steps

First steps

# Choose your vehicle

The image displays two screenshots of the IVA application interface, overlaid on a background of a winding road through a forest.

**Top Screenshot: IVA Anwendung Overview**

The interface shows a sidebar with 'IVA' and 'Usability Test' options. The main content area is titled 'Cognitive Walkthrough' and displays the following information:

- Start: 27.01.21, End: 31.01.21
- IVA Webanwendung (IVAWEB)
- Version Frontend: 4.2.0 - 189
- Version Backend: 4.2.0-174

A red arrow points to the 'IVA Webanwendung' entry.

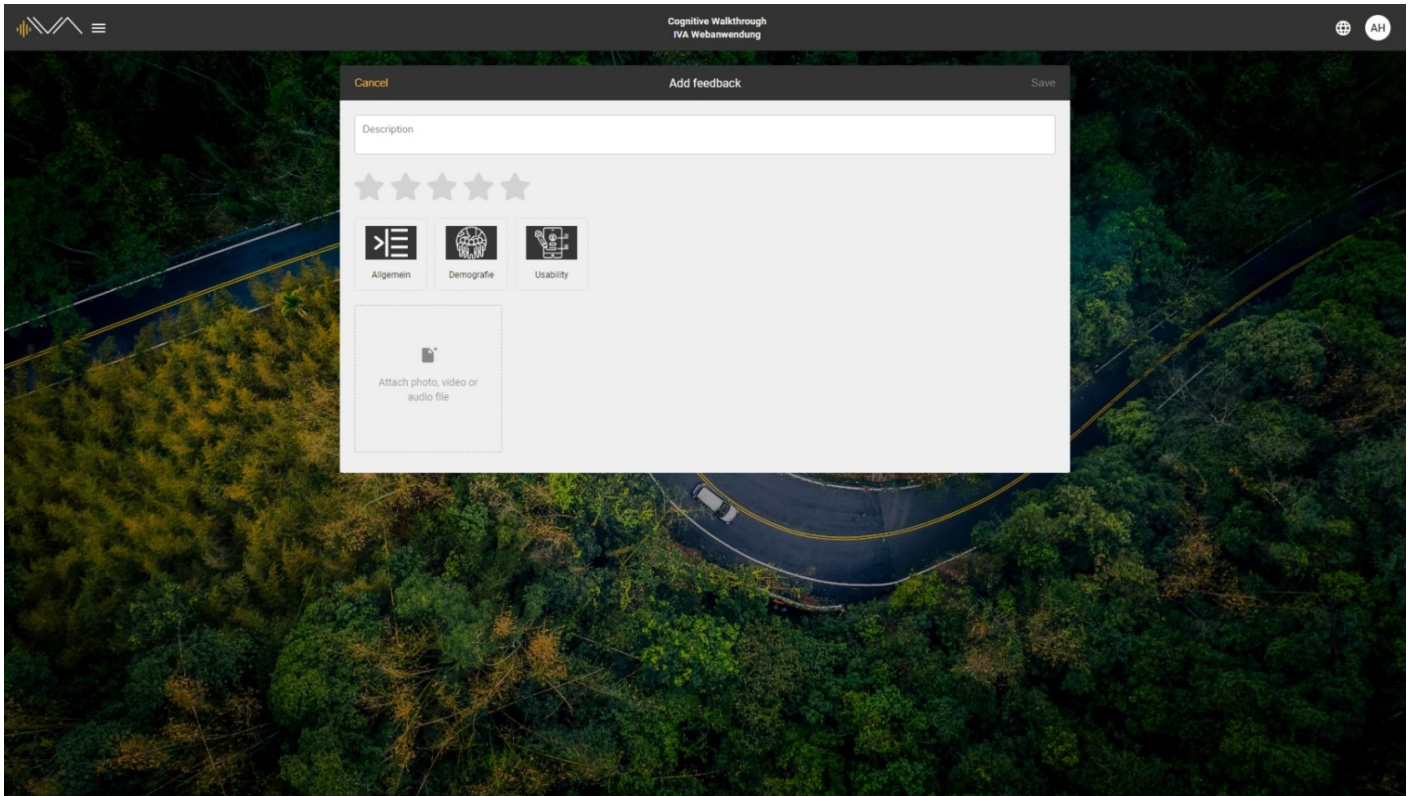

**Bottom Screenshot: Feedback Section**

The interface shows a sidebar with 'Overview', 'Instructions', 'Feedback', and 'Questionnaires' options. The 'Feedback' section is active, displaying a detailed view of the 'IVA Webanwendung' attributes:

| Attributes       |             |
|------------------|-------------|
| Version Backend  | 4.2.0-174   |
| Version Frontend | 4.2.0 - 189 |
| Betriebssystem   |             |

To select a vehicle, select the appropriate evaluation and test, if applicable. Then select your vehicle. You will see an overview of your vehicle. Click on "Feedback" to edit your complaints or create new feedback.

# Create feedback

In the overview you can see the feedback you have already created. You can edit your feedback by clicking on the entry or add a new one using the "+" button. To do this, give your feedback in the "comment" field, rate the complaint and select a suitable category. Photo, video or audio files can be attached in the lower area. Just click on the tile and select from your computer. You can add a GPS position or a time or choose another reviewer via "+ extras".
