

Editing a questionnaire series

To edit a new series, first navigate to the menu item “Templates” -> “Questionnaire series”. Here you will see an overview of all existing questionnaire series.

Select the relevant questionnaire series (tip: you can also use the search function) and click on the "pencil" icon.

The screenshot displays the 'Questionnaire series' management page. On the left is a dark sidebar with a navigation menu including Startpage, Evaluations, Reports, Data pool, Templates, Questionnaires, and Questionnaire series (which is highlighted). Below these are sections for Instruction sets, Attribute sets, Category sets, Answer options, Master Data, and Buchungskalender. The main content area has a header with 'Questionnaire series', a search bar, a filter icon, a '+ Create new questionnaire serie' button, and a 'Pro page: 25' dropdown. Below the header is a table with 4 rows and 7 columns: Image, Title, Description, Questionnaires, Questions, Last update, and Actions. The first row is highlighted in pink and has a pink pencil icon in the Actions column. The other three rows have grey pencil icons. The table shows 1 - 4 of 4 (Total: 4) items.

| Image | Title | Description | Questionnaires | Questions | Last update | Actions |
|---|---|-------------|----------------|-----------|-------------|---|
|  | Benchmarking_General & Air Conditioning and Heating | | 2 | 21 | 10/19/2023 |   |
|  | Benchmarking_General & Comfort | | 2 | 15 | 10/19/2023 |   |
|  | Technical Development_General & Charging | | 2 | 16 | 10/19/2023 |   |
|  | Technical Development_General & Electrics | | 2 | 25 | 10/19/2023 |   |

A pop-up will now open in which you can change the name and description, as well as the answer duration.

You can also edit the assigned question catalogs by clicking on the “Add questionnaires” button. A new pop-up will then open in which you can assign the questionnaires to the questionnaires-series.
